THE Association of American Directory Publishers is composed of reputable City Directory Publishers organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business or owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide *protection* to the public against *fraudulent advertising schemes which operate under the name of Directories*, and to drive unprincipled promoters of the same out of the business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

FOREWORD

With this the 1903 Atlanta City Directory we present its 27th edition. In it we have embodied the greatest care, the most money, and best work we have ever done in the directory field.

In it we feel sure that you will find the fewest errors, both of omission and commission, the largest number of legitimate names, correctly spelled and located, and the best classification of Atlanta's business that has ever been presented.

We take great pride in the Atlanta City Directory because Atlanta is the most progressive city in the South. For the year 1902 Atlanta showed the largest postal receipts in the United States for her size. The last United States' census accords her the largest percentage of growth in the South; her Clearing-House Receipts and Building Permits for 1902 were the largest in her history; she has more and larger office buildings than any city in the world for a city her size, and she is rapidly forging to a front place in manufacturing enterprises—all this with a population of 138,000, of which only two-thirds are white. This is a record to be proud of, but we can do greater things yet to upbuild, enlarge and enrich our city and ourselves. We can BUY ATLANTA-MADE GOODS AND KEEP OUR MONEY AT HOME. We have many and varied industries, that produce nearly every commodity we need, of a quality as good, if not better, than that from abroad, and the cost to the consumer and dealer is the same if not less.

Among the many things manufactured here that have gained reputation for quality in their line are: Southern Saw Company's Saws, Capitola Flour, Glory Soap, Tera-Sope, John M. Smith's Carriages, White Hickory Wagons, South River Brick, Parian Paint, Atlanta Table Company's Goods, Valdes Cigars, Hagan's Ginger-Ale, Daniel Bros.' Shirts, Dixie Ventilators, Coca-Cola, Aphro, Pratt's Carbonated Gas and Epsom Salts, Mrs. Leyh's Pretzels and Saratoga Chips and Mrs. Hill's Jelly. We also make good furniture, stoves, bedsteads, bed springs, mattresses, carpets, rugs, picture mouldings, hats, neckwear, suspenders, overalls, sunbonnets, wrappers, hosiery, shoes, candy, crackers, syrup, medicines, cotton bleaching, sacks, paper and wood boxes, excelsior, agricultural implements, steel tools, machinery, electric appliances, mantels, doors and windows, and many other things.

As keeping the money at home is the principle of a nation's prosperity, so it is with a city; therefore, with such an array of meritorious articles made at our own doors, why should we not keep practically all our money at home, and draw much from abroad?

Our aim shall be the continual improvement of the book, so that it will always give full, reliable and accurate information, thus doing Atlanta full credit abroad, and Atlantians good service at home; to which end we ask your fullest co-operation and thank you for past kindness.

A Certain Cure for all Blood Troubles.

HORACE A. THOMPSON, foreman Smith Department, Technological School, Atlanta, Ga., says: "I had suffered for some time with Rheumatism, and was scarcely able to attend my duties; took your Blood Tonic, and in five weeks was entirely cured."

JOHN F. BARCLAY, of Barclay & Brandon, Atlanta, Ga., says: "I had been cured of carbuncles, but in one week they returned; took your Tonic and in three days was greatly relieved; two bottles cured me entirely. Recommend Paragon as one of the best blood Tonics on the market to-day."

TOM STOUCH, Second Baseman, Atlanta Baseball Team, recommends Paragon as woman's friend, after giving it a thorough test in his family.

JUDGE A. E. CALHOUN, of the Atlanta City Criminal Court, endorses Paragon as a cure for Rheumatism.

CAPT. F. M. McCURDY, of the Atlanta Police force, speaks of Paragon in the highest terms after it cured his young daughter and restored her to perfect health.

J. H. LAHATTE, Commission Merchant, Broad Street, Atlanta, Ga., speaks of Paragon as wonderful in building up a debilitated system.

Paragon Cures Indigestion and Dyspepsia at Once.

Enable you to increase the volume of your Business without correspondingly increasing the expense in your Accounting Department

DOES OUR PERPETUAL LEDGER SAVE YOU MUCH TIME?

6349 Bookkeepers who had used our books more than three years were asked this question
6186 of them replied in the affirmative

LEAVES ARE HELD IN A VISE-LIKE GRIP WHEN BINDER IS CLOSED

PATENTED

ATLANTA OFFICE . . . 1223 EMPIRE BLDG.

ADVANTAGES OF OUR SYSTEM

Perpetual

Dispenses with the annual transfer of ledgers. Once opened no further extra labor of the bookkeeper is required.

All Items of an Account

Are kept together, no matter what length of time the account covers, or how active it may be.

Live Accounts Only

Are retained in the Current Ledger. All filled leaves and closed accounts are filed in Transfer Ledger.

Quick Reference

The index being distributed through the book admits of locating the accounts much more rapidly. No separate index necessary.

Saves Time Posting and Balancing

As only open accounts are dealt with, and these are all properly arranged and their position is always the same.

Arrangement of Accounts

Can be had as to locality, by states or salesman's territory, in alphabetical order, as to time of opening, or activity.

No Spacing Necessary

Each account is given a separate leaf. Active accounts can therefore have unlimited space.

Less Liability for Error

Accounts are more surely located, and with one account on each leaf the proper space is readily found.

Expansive

It admits of insertion of new accounts from time to time in proper place without disturbing any other.

Easily Handled

As both sides of the leaf are used for each account, a much smaller sized book can be used.

Facility

One or a dozen persons can work on the books at one time in taking off statements or posting or balancing.

Convenience

Of having a customer's account all together, saving time of bookkeeper looking through a lot of old ledgers.

Simplicity

A trial balance is more readily taken off. Tabulation or abstract is simplified and systematized.

Adaptability

Any business of any size, or any sudden change in activity, as well as any arrangement necessary, can be accommodated.

Economy

In every case it costs far less in the long run — less in material, less in time, less in labor.

OVER 23,000 BOOKKEEPERS NOW USING OUR LEDGERS TESTIFY TO THESE POINTS OF SUPERIORITY

SPECIAL LOOSE LEAF SYSTEMS

For the Purchasing Department

Requisition Order Systems in Manifold, Quotation Record, Cost Book, Purchase Record, Stock Report, Perpetual Invoice Filing System.

By the use of a number of these systems in combination, we not only accomplish what you now secure with your present methods, but in addition we give you an absolute check and instant reference as to goods ordered, en route and received; instant and accurate information as to the amounts owing; absolute certainty that accounts are correct, as you work with the O. K.'d invoice itself, and not with figures three or four times transferred from the original invoices; the assembling of all invoices for any one firm in one place; an absolutely flexible system that will work just as well with 50 as 5,000 accounts, which will save 25 to 50 per cent. of the amount of work done at present.

For the Sales Department

Order Blank System, Binders, Holders and Blanks; Manifold Order Books and Blocks.

We can create an Order System, suitable to any business, whereby the original order can be used for filling, shipping, billing and charging the order, and thereby eliminate all journalizing of sales.

Billing and Charging System.

Adapted to most any business — an invoice and journal entry being made at one writing.
Can be used either for typewriter or hand writing; produces an exact copy of every invoice.

Salesmen's Price Books, Route and Expense Reports, Advertising Information Reports.

For the Shipping Department

Safety Manifold Shipping and City Delivery Receipts and Books.

By the use of which errors in shipment are prevented and all possibility of loss through miscarriage eliminated

For the Accounting Department

In this department we offer the greatest labor-saving systems known to accountants We can create for any mercantile or manufacturing business a complete system on the loose leaf plan whereby a daily statement of the condition of the business can be procured as soon as the day's posting is done, making a monthly trial balance unnecessary.

Perpetual Ledgers — General Sales and Creditors.

Perpetual Trial Balance and Proof Books, Journal, Cash and Other Auxiliary Books

On the loose leaf plan facilitate, to a great degree, the work of the accountant. We also furnish

Bills Payable and Receivable Forms, Voucher Systems, Check Registers, Pocket Ledgers and Collection Reports.

Monthly Statement System.

Especially adapted to a credit business where an itemized statement is issued. By this system we save all itemizing in the ledger. It has many other commendable features.

Inventory System.

By which any number of clerks can work thereon at one time without the necessity of rewriting.

For the Manufacturing Department

We devise Special Factory Order Systems, Cost, Material and Labor Records, Time and Pay Roll Records, etc.

Factory cost accounting is one of our specialties, and we can provide a system by which an accurate account can be kept of all material, labor and expense, showing actual cost of each article produced.

For Banks and Trust Companies

Loose Leaf Systems have become generally recognized as especially suitable for Commercial and Savings Banks, and have been universally adopted for

General Individual and Liability Ledgers, Journals, Receiving Tellers' Reports, Clearing House Reports, Discount Registers and Ticklers, Check and Draft Registers, Collection Registers and Ticklers, Minute and Signature Books.

Our Daily Balance Book offers many advantages over any other system of daily balancing. We have also devised many useful manifold forms for the Collection Department, saving time and labor.

Baker-Vawter Audit Department

Regular and Special Audits made for Corporations, Firms and Individuals. Financial and Physical Examinations by Experienced Auditors and Engineers. Takes Entire Charge of Corporation and Private Records, and Keeps Accounts of Executors, Guardians, Trustees and Receivers. Has Competent Practical Examiners for Banks, Insurance Companies and Other Financial Institutions.

A certificate from this company after a thorough examination is useful as a basis for credit, purchase or sale.

Complete Business Systems Devised

This Company makes a Specialty of Devising Complete Systems for Financial, Mercantile and Manufacturing Institutions, Employing all Well-known, Proven Methods and Appliances.

By means of these harmonious systems the results in each department are known in detail at the close of business. Accurate account is kept with all stock purchased and sold. By removing all friction between employees and departments, all work is greatly facilitated, and time and labor saved. Correspondence solicited.

BAKER-VAWTER COMPANY

OUR SECTIONAL POST BINDER

Holds securely one sheet or one thousand.

Has no long and unsightly posts projecting to catch on everything and be in the way.

Can be opened and expanded to receive leaves without removing the cover.

It is equipped with one-half and six one-inch sections for each post.

It is particularly adapted for filing records of any kind that require indefinite expansion.

PATENTED MARCH 17, 1891. DECEMBER 19, 1899.

Securely Locked by mechanism in top cover.
Key-hole shown in lower left hand corner of cut.

We have 60 salesmen covering the entire country. If one is not located in your city, he can call on you in a few days if you will notify our nearest office.

We are the originators and manufacturers of the Perpetual Ledger and many other Loose Leaf Labor-Saving Systems.

B. C. Davis—Public School Music.
Dr. Theodor Toepel—Physical Culture.
Mrs. A. L. Blackman—Art.
Mr. F. C. Fischer—Art.

SPECIAL FEATURES of this School are the thorough instruction in all branches necessary for a successful teacher and performer, the free instruction in all side studies, as Harmony, Counterpoint, History of Music, Ladies' Chorus, and the many concerts and recitals given by the faculty and the students throughout the year.

THE BOARDING DEPARTMENT is under the management of Mrs. Kurt Mueller; the rooms are pleasant and a good table is furnished.
